CBeach, a unique experience

A few minutes walk from the Palais des Festivals is enough to reach this prestigious address, which has been in business for more than ten years. The private CBeach beach invites you to discover a colorful and tasty Mediterranean cuisine with a focus on fresh and seasonal products. In the dining room, Éric and his team welcome you to a world inspired by the seaside and travel. Sun mirrors and «cosy» armchairs are mixed with the elements borrowed from folk and bohemian culture.

Cannes, a privileged destination

From the modest fishermen village to the cultural world-famous seaside resort, Cannes has forged a singular history, made of passions and timely encounters as in the most beautiful love stories. The key moments in the history at Cannes.

Historians located the presence of the first occupants one century before Jesus Christ, The Ligurians. These transalpine people who dominated the western end of the known world of the time, settled on a promontory, the actual Le Suquet, and erected an oppidum or fortified camp. No archaeological vestige does attest to the occupation of the site by the Ligurians, but they were named barbaric by the Greek geographer Strabon.

Turn and look to the sea
to find traces of these early tourists.
